

NIRMAN CONCRETE
THE COMPLETE CONCRETE SOLUTION

Waterproofing Concrete

Integral Waterproofing Solution

Waterproofing Concrete

Challenges

Unwanted water seepage leads to frequent repairs.

Solution

Waterproofing concrete helps in waterproofing your structure

Key Advantages:

- Waterproofing and Chemical resistance properties remain intact even if the surface is damaged.
- Keeps water out or in as required.
- Cost effective solution.
- Effective against hydrostatic pressure.
- Enhanced durability and long term performance.
- Reduced risk of reinforcement corrosion.
- Non Toxic.

Applications:

- Basement and Retaining Walls.
- Swimming pools.
- Water retaining structures.
- Sewage and water treatment plants.
- Tunnels and Subways.
- Bridges.
- Foundations.
